# Company History

**Megasoft**

**C o r p o r a t i o n**

Corporate Headquarters: MegaTown USA

Annual Revenues: 1.2 Billion

Employees: 35,000

Megasoft Corporation began in 1980 with a vision to make as much money possible without producing a quality product. This vision was so unique that it attracted the attention of investor's world wide. Since going public in 1999 (the year of IT mania), Megasoft Corporation's revenues have increased earning its investors one of the largest returns in corporate history.

The company predicts that sales will increase substantially over the next two years (for more information, see sales reports). The previous two years saw the largest increase in revenues beating all previous years. Our aggressive executive strategy will continue to guide Megasoft Corporation into the next millennium.

# The Future

The future looks bright at Megasoft Corporation. With recent acquisitions and mergers, we are eliminating the competition one-by-one.

- ▶ We predict that within the next five years we will be able to monopolize our markets and capture emerging markets.
- ▶ Our current growth is supported by outstanding executive leadership and technologies unsurpassed in our field.
- ▶ We will have the highest returns for our investors and the highest price to earnings ratio on the exchange.

## ***New Plans***

New plans include expanding our current production facilities to include operations on all seven continents.

## ***Expanding Markets***

Since our products are so revolutionary, we plan on introducing them to all market segments throughout the world. We will encourage direct distributorship when possible.
